Pohnpei Covid-19

ADVISORY

- Avoid Public gatherings as much as possible.
- Get Vaccinated or Boosted Today.
- If you are not sick or without symptoms, stay home.
- If you have symptoms such as cough, runny nose, sneezing, nasal congestion, sore throat, fever, loss of appetite or smell, body ache, or headache, you may visit your nearest clinic.
- If symptomatic, do not delay seeking treatment- treatment is most effective if given early in the illness
- Only visit the hospital for urgent medical problems
